SERVANT MNCEDI NDZWANANA OF ATM, ELECTED SPEAKER COUNCIL FOR CITY OF TSHAWAWE

The ATM congratulates Servant Mncedi Ndzwanana on being elected Speaker of Council for the City of Tshwane.

The ATM acknowledges that the power of this mandate given to us and our coalition partners by the people of Tshwane rests heavily on the unity of purpose and the power of honest engagements for the benefit of the people of Tshawe.

The delicacy of the relationships within coalition governments give an opportunity for those willing to serve the people, to do so by prioritizing the people of Tshwane whilst dying to narrow political ideals.

Servant Ndzwanana carries with him values of the African Transformation Movement (ATM) which are Peace, Ubuntu, Transformation, Servant Leadership and Accountable as necessary values to ensure that the ultimate service delivery program, as envisaged by the people of Tshwane can become a reality.

The ATM stands for clean governance, ethical leadership, and the need to put the people of Tshwane first in all matters relating to service delivery, and that starts with a council that is objective and impartial.

Servant Mncedi Ndzwanana will prioritize service delivery for the people of Tshwane, which also includes Mamelodi, Soshanguve, and many other locations that also need priority in terms of service delivery.

Our basis as a collective is equitable share in the resources of local governance, not by order of affluence; a strategy known best by the outgoing DA led government.

We know that Servant Mncedi Ndzwanana will serve the people of Tshwane well. We have full confidence in him.

ISSUED BY THE AFRICAN TRANSFORMATION MOVEMENT (ATM)
